**Rep.No.12 of 2024-25**

Representationist and his counsel are present on VC. R1 to R4 are present on V.C. Written argument submitted by the Representationist by RP was received on 9.4.2025. The learned counsel for the representationist reports that he has no further arguments. R4 reported that he has no further arguments. Respondent No.3 reports that there was disturbance in audio for him. R1 and R2 though present on video did not respond and it appears that they are busy with some other work and they are not even trying to look at VO since they are not even following the signs at least made to unmute their audio. The office made a call to the DE Telecom, APEPDCL who arranged and monitors this Video Conference to unmute their audio. Now the other respondents 1 to 3 unmuted their audio. Heard the respondents 1 to 3 and R4.
